FCC

• **FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE STATEMENT**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This equipment must not be co-located or operating in conjunction with any other antenna or transmitter.

Warnings

• **Important ergonomic information**

Long periods of repetitive motion using an improperly set-up workplace, incorrect body position, and poor work habits may cause physical discomfort and injury to nerves and muscles. Consult a qualified health professional if you feel pain, swelling, or weakness in your hands, wrists, arms, shoulders, neck or back.

- **Battery warning:** risk of explosion and personal injury if batteries are replaced by incorrect type. Do not open, mutilate, or expose to conducting materials (metal), moisture, fire, liquid or heat (above 40°C or 104°F). Dispose of spent, leaking, or damaged batteries as per manufacturer or local laws. Do not mix battery types or mix old batteries with new. Do not charge alkaline batteries.

• **Safety and usage guidelines**

Do not direct LED light toward eyes for a long time. Do not attempt to disassemble device unless it is for end-of-life disposal. Do not expose device to liquid, humidity, or moisture. Do not operate device outside specified operating range of 0°C (32°F) and 40°C (104°F). If device is exposed to out-of-range temperatures, switch it off and allow the temperature to return to the normal operating range.
